

# Comparable Vehicles Worksheet

Gather listings for vehicles as close to yours as possible: same year, make, model and trim, similar mileage, sold or listed near you, recently. Record each one here, then compare with the comparables in your insurer's report.

Your vehicle (year / make / model / trim)

Your mileage

Your ZIP code

## Comparable vehicles

| Year / make / model / trim | Mileage | Asking or sold price | Dealer / seller and distance | Listing date and URL |
|----------------------------|---------|----------------------|------------------------------|----------------------|
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |
|                            |         |                      |                              |                      |

## Summary

Average price of your comparables (\$)

Insurer's ACV (\$)

Difference (\$)

Notes on why any comparable is better or worse than your vehicle
